

Kid's Heritage Club's 1st Birthday!

Almost one year ago Stockport Heritage Services launched an exclusive Heritage Club for children aged 6-13 years old.

The club is aimed at budding heritage enthusiasts who want to learn more about their local heritage through fun activities across Stockport Heritage Sites.

Over the past 12 months members of the club have spent a day with curators at Hat Works and learnt about why we collect things, enjoyed making lanterns at Staircase House, explored the Air Raid Shelters, been behind the barriers at Bramall Hall and most recently, spent a day at Chadkirk Chapel learning about what the Estate Manager does in his job and having fun well dressing.

To celebrate the fact that the Kid's Heritage club will be one year old Heritage Services are throwing a birthday party for the children at Hat Works on Sunday 24th June. They'll be party food and games and while the party will be for members the club is also inviting anyone else along that might be thinking about joining to get involved with the fun and find out what the club is all about.

If your child would like to join then please come along to the birthday party or contact Hat Works on 0845 833 0975. There is a £10 joining fee for the year and an additional small charge for events. Members receive regular newsletters and a membership pack full of heritage goodies when they join!
