9 March – 6 June 2010  
Hat Works and Stockport Story Museum

STOCKPORT  
METROPOLITAN BOROUGH COUNCIL

# treasure from trash

This captivating exhibition showcases contemporary recycled objects sourced from makers around the world. Discarded products and materials have been transformed into imaginative and inventive objects serving everyday needs, from cooking implements through to personal adornment. These objects demonstrate how waste materials can be recycled in an imaginative way to serve very practical purposes.

The vibrancy of the objects gives pleasure, inspires admiration and a sense of wonder. It will encourage you to reconsider what you throw away.

Treasure from Trash was originated by knowtrash with the Eden Project. It is uniquely being shown across two museums. At Hat Works you can see bags, hats, jewellery and other items used for personal adornment. Stockport Story displays more practical objects, such as stoves, lights, kitchen utensils and toys.
